Dear Randy, Patty and Don,

I would like to personally express my appreciation to the Bowling Mamola Group for the work done on the 2009 Construction Manual. The work you did in re-writing the Construction Manual was extraordinary. When we took on the project over two years ago, none of us realized what a monumental task we had accepted.

Through your support, knowledge and dedication we have succeeded. The new manual is something we can all be proud of and is sure to be a valuable access to insuring the success of NDOT's Construction Staff for many years.

Please do not hesitate to use me as a reference on any future projects. Thank you again.

Sincerely,

A handwritten signature in blue ink that reads "Gary Selmi".
